

REPUBLICANS ADOPT PLATFORM FOR THE TICKET CANDIDATES

Latter All Sign Document as
Made in a Meeting Held
Last Night.

Below is the Republican city platform, adopted at a meeting of the candidates on the party ticket last night and endorsed by each candidate.

The undersigned candidates of the Republican party at the forthcoming election of May 25, 1914, to be held in the city of Bisbee, reaffirming our adherence to the principles of our party, do hereby adopt the following platform:

First. We pledge ourselves to an economical and business-like administration of the city's affairs.

Second. The fullest protection against fire losses being essential to a city situated as ours, we pledge ourselves to construct the firehouse already planned for Tombstone canyon, and to the development of an increased water supply, by enlarging the present well feeding the reservoir; and to the erection of such other stations and houses as may be required to insure such protection.

Third. We favor the construction and maintenance of permanently good and safe roads, free from dust, in the city, and pledge our earnest efforts to that end.

Fourth. Inasmuch as the policy of our law is to employ none but American citizens on public work, justice and economy likewise dictate that such employees should receive a living wage. We pledge ourselves therefore to pay all such employees not less than \$3.50 per day.

Fifth. We pledge ourselves to furnish every aid to the ascertainment of the wishes of the people as to the establishment of a commission form of government for the city, and the ownership of any public utility, and also to labor to effectuate the desires of the majority, as to both the above matters.

JOHN S. WILLIAMS, Candidate for Mayor.

JOSEPH M. MAHEIM, Candidate for Alderman First Ward.

J. W. SCOTT, Candidate for Alderman First Ward.

JAMES TEMBY, Candidate for Alderman Second Ward.

ARTHUR J. APPLIN, Candidate for Alderman Second Ward.

H. L. JENKINS, Candidate for Alderman Third Ward.

B. W. PERNELL, Candidate for Alderman Third Ward.

B. T. WATKINS, Candidate for City Marshal.

M. L. BUTLER, Candidate for City Clerk.

LORENZO WRIGHT, Candidate for Supervisor of Streets.

1 Less Cottolene is required than butter or lard

Prove this claim for yourself. Take any favorite recipe that calls for shortening. Use Cottolene instead of butter or lard, only take one-third less Cottolene. Just try it and see if you do not have equally as good if not better results, when using Cottolene.

Do this every time you cook and you will notice a difference in your grocery bills.

Foods made with Cottolene are more wholesome and digest more easily than those made with ordinary shortenings.

Mrs. Janet McKenzie Hill's Opinion:
"For several years I have used Cottolene in my own kitchen and find it very satisfactory. I am glad to commend it."

Why not begin today the use of Cottolene? Every housewife will be interested in our valuable FREE Cook Book, HOME HELPS, compiled by Mrs. Mary J. Lincoln and four other cookery experts.

and is shipped direct to the smelter. These consignments justifiably increase the production in this mine, whenever the steam shovels run into these rich zones. In the meantime full operations have been at the rate of about 4000 tons of the lower grade porphyry ore daily.

Ray Consolidated is now operating

on 900 tons of ore daily. There has been an improvement in the grade of ore being mined, as a larger tonnage is reported to be coming from the Ray Central territory. The ore in the Central ground is of a better grade than that in the original Ray holdings, and all connections with the Central properties have been completed.

PRIMARY CAMPAIGN IN MINNESOTA

ST. PAUL, Minn., May 21.—Although Minnesota does not elect a United States senator for this year, it is well understood that the results of the coming primary and election will have an important bearing on the senatorial campaign that is to come in 1916, when a successor will be chosen to Senator Moses E. Clapp. In the primaries next month candidates will be named by the several parties for all ship.

John C. C. Mayo, the Kentucky Committee, who died recently in New York City, was a resident of Painterville and was reputed to be the wealthiest citizen of the Blue Grass State.

J. Allen Bode, who established a great reputation as a humorist during the three terms that he served in Congress as the member of the Eighth Minnesota district, has announced his candidacy for the Republican nomination in the new Tenth district of Minnesota.

The North Dakota Personal Liberty League has nominated J. H. Wishek for Governor on a platform pledged to oppose woman's suffrage and to work for resubmission of the liquor question. The league is made up State offices, including the governor, seeking nomination for a third term on the Republican ticket. The anti-Kherhart is seeking nomination for a third term on the Republican ticket. The anti-Kherhart Republicans have agreed upon William E. Lee, of Long Prairie, as the opposing candidate. A third candidate who aspires to head the Republican ticket is Edward L. Rank, of Duluth, but it is generally believed that the contest lies between Kherhart and Lee. It is generally understood in political circles that Governor Kherhart aims for the senate, and is running for a third term for governor with the main idea of keeping in line for the senatorship. Should he succeed in his present plans he undoubtedly would become an important factor in the senatorial situation two years hence. On the other hand, his defeat in the primary next month or at the election in November would put him out of the running for the senatorship.

A general primary election will be held in Minnesota next month for the selection of candidates for governor, lieutenant governor, secretary of state and other State officers to be voted for at the November election.

Under the new primary law in Montana the fall election campaign is to be considerably longer than it was under the old convention system.

PRaise FOR CONFEDERATE MEMORIAL

WASHINGTON, D. C., May 21.—Critics who have viewed the Confederate monument which is to be unveiled at Arlington two weeks from today pronounce it to be one of the most artistic and imposing memorials erected in the national cemetery. The monument is the work of the American sculptor, Mr. Moses Ezekiel, who has returned home from Italy to attend the unveiling. The monument has thirty-two life-sized figures in full relief around a cylindrical base, on which stands the chief figure, a heroic woman, right hand extended, holding a laurel wreath, with the left hand resting upon a pile of stones, on which is a sickle, and underneath a quotation from Isaiah: "They have beaten their swords into plowshares and their spears into pruning hooks."

"Gets-It" for Corns On Your Piggy-Wiggies!

Quit Puttering with Corns. Use This Sure, New-Plan Corn Cure.

A few drops of "GETS-IT," the biggest seller in the world today of any corn remedy, is enough to spell positive doom to the fiercest corn that ever counted itself to a toe. It's goodbye Johnnie. You apply "GETS-IT."

IT is two seconds—no fussing with plasters that don't stay put, with salves that make corns "pull" and make the toe beefy and raw, with knives, scissors, razors and diggers that make corns grow faster and that may cause blood poison from corn cutting and corn-bleeding. "GETS-IT" shrivels up corns, they come right off. That's the new principle. It's just common sense. No more corn-pain. "GETS-IT" is safe, and never hurts the flesh. Get rid of corns and calluses.

"GETS-IT" is sold at 25c a bottle by all druggists, or sent direct if you wish, from E. Lawrence & Co., Chicago.
